

## Sportsman's Alliance of Maine Veteran Program

Thank you for your consideration of joining the SAMVET program. As you know, SAM is the leading organization in Maine and New England fighting for our rights as sportsmen, and for the protection of land and Maine's wildlife. SAM has been a tremendous supporter of Veterans for years, and has been working with Pine Grove Program's to offer the largest free fishing event for veterans every year for the last 5 years. SAM is now establishing a program specifically to honor their service. With help from vendors like you, we will be able to offer our Veteran members of SAM, a multitude of discounts at locations all over New England, as well as a variety of free outdoor sports events for these veterans.

In return for you offering a discount at your retail location, we will give you a large decal to display to all your customers that you support our veterans and wildlife, and so the SAMVET members will know you offer the discount. In addition, supporting vendors will be listed in SAM publications as participating businesses in the SAMNEWS and on the SAM Website. This is mailed to thousands of people in New England.

We will take all precautions to insure that your generosity will not be exploited by closely monitoring these issues:

- Discount only for SAMVET members, not for friends or family members
- SAM will take all reasonable steps to insure only Veterans with proof of service receive this benefit
- Membership cards given to the veteran member will have expiration date to ensure renewal.

***You will experience the pride in knowing that you are giving back to those who gave so much!***
